

Introducing Benevue™, a unique color-matching system which provides custom formulas to match any color.

ACCURATE. PORTABLE. LOW-COST.

- Hand-held
- Easy-to-use
- Accurate formulas
- Instant color matching

Imagine in-store computer color matching for as little as \$55 per month!

Using the hand-held color reader and the Internet, you can get instant color matching formulas.

Benevue is not a system for just finding the closest color system matches; it provides

custom formulas to match any color. Best of all, it is accurate, portable and low cost.

Benevue will revolutionize the way you sell paint, and it is available only from Gray Seal, Kurfees and Fixall Paints.
